About Me

Aspiring Electronics Engineer with a passion for learning and hands-on projects. A sports enthusiast with strong communication, teamwork, and leadership skills, I thrive in collaborative environments and enjoy taking on new challenges.

Experience

eDC IIT Delhi Intern-IIT Delhi

15th December 2025-02nd February 2026 Remote

- Assisted in organizing entrepreneurship events at IIT Delhi Entrepreneurship Development Cell.
- Gained exposure to startup ecosystem and business development activities.

Data Analysis Intern-linnfokida

31st May 2025-30th June 2025 Remote

- Worked on cleaning, processing, and analyzing datasets to extract meaningful insights.
- Applied data visualization techniques using tools like Excel / Python (Pandas, Matplotlib, Seaborn).

UI/UX Intern-Cognifyz

1st June 2025-30th June 2025 Remote

- Designed UI/UX using wireframes & prototypes at Cognifyz Technologies.
- Applied UI/UX principles to create user-friendly designs.

Education

WALCHAND COLLEGE OF ENGINEERING, SANGLI

B.Tech in Electronics Engineering
CGPA-9.20

2028

SAROSH COLLEGE OF SCIENCE, CHHATRAPATI SAMBAJINAGAR

HSC- 79.33%

2024

RYAN INTERNATIONAL SCHOOL, JALNA

SSC- 88%

2022

Projects

IoT-Based Circadian Lighting System

- Built smart lighting using RTC & sensors for time-based control.
- Enabled automated LED control and remote monitoring.

Multi-Class NLP Classification System (RoBERTa-Based)

- Fine-tuned a RoBERTa model on 1,000+ labeled comments for text classification.
- Achieved 87% accuracy in detecting hate speech, disinformation, and neutral content.

Remote controlled Robot car for competition.

- Built a Bluetooth-controlled RC car using Arduino, motor driver, and HC-05 module.
- Worked collaboratively in a team and successfully completed the competition track.

User Interface Design for Multiple Applications

- Designed UI for map, shopping & competition apps, focusing on usability.
- Created wireframes & prototypes for clean, responsive designs.

Technical Skills

- Programming Languages:** C, C++, HTML, VHDL, Assembly, Embedded C.
- Tools & Technologies:** VSCode, Figma, Proteus, Keil uVision, Vivado, Canva, Arduino IDE.

Achievements

- Top 25 across India in "Zyph" Hackathon Conducted by SRM-IST.
- Ranked 13th in MindSpark Roborace organized by COEP.
- Represented college in Ideathon/Netwroking event - Social Shuffle.
- Finalist in Presentation event organized by ELESa WCE.

Leadership & Volunteering

- Joint Secreatary - ELESa WCE.
- Sergeant at Arms - Rotaract Club of WCE, Sangli.
- Chief Co-ordinator - EXPOTECH 2026.
- Co-ordinator - INNOVENTA 2026.
- Volunteered at Rotaract blood donation camp, assisted in coordination & donor management.
- Student volunteer at ICCIPC conference, supported event execution.
